

DC LINK ROUND CAPACITORS

TARGETED APPLICATIONS

- Frequency Converters for:
Wind Power Inverters
Photo Voltaic Inverters
Uninterruptible Power Supplies (UPS)

SPECIFICATIONS

- Voltage Range(VDC): 900 to 1,300
- Capacitance Range (μ F): 150 to 500
- Ambient Temperature range: -40°C to 85°C
- Life: 100,000 Hrs @ 60°C
- Capacitor Type: Low inductance Metallized Film
- Case: Aluminum
- Maximum rms Voltage: 230 VAC
- Maximum rms Current: 68 Arms
- Test Voltage between terminals: 1,650 VDC for 10s
- Test Voltage between term. & case: 4 KVdc for 60s.
- RoHS Compliant

FEATURES

- Drop-in Replacement
- Tinned Brass Female Terminals (M6 x 10mm)
- Subjected to 100% Electrical Testing for:
Capacitance
Dissipation Factor
ESR
High-potential

BENEFITS

- Low price
- Improved reliability
- Superior heat dissipation
- Future customized solutions
